

Dear Gabbart Sandwich Company,

Help!! I am sitting here looking at my plate and I can not figure out how to do this!!! Can you tell me how to make a peanut butter & jelly sandwich? Sorry for the bother.

Thanks,

Jane Doe

-----

Mrs. Doe,

No apologies are necessary, I'll be glad to help you. Remove two slices of bread from the bread bag and lay the two slices on the plate. Next, get out your jelly and peanut butter. Take one slice of bread and spread the peanut butter on one side. If you are having difficulty spreading the peanut butter, try leaving the peanut butter on the shelf as opposed to the fridge. This will help the peanut butter become easier to spread. Lay this slice back on the plate peanut butter side up.

Take the next slice of bread, and smear jelly on one side. Place the side that has jelly applied face to face with the peanut butter bread. Press together lightly and enjoy.,

If you have any further questions, please do not hesitate to contact us.

Sincerely,
