- Ed-Flex Waiver

300 E. Gum Street/Boonville, Indiana 47601

DEPARTMENT OF LEARNING

To: Dr. Abbie Redmon, Superintendent

From: Jason Fischer, Director of Learning

Re: Ed-Flex Waiver Four (4)

Date: July 2, 2025

The Warrick County School Corporation (WCSC) will be applying for Waiver Four (4) within the Ed-Flex Waiver program. This waiver will provide flexibility for funding educational services through the Title IV-A grant. The Title IV-A grant stipulates that any Local Education Agency (LEA) with a total allocation of \$30,000.00 or more, allocate funds as follows:

Focus Area Distribution	Focus Area	Percentage (%)
If total allocation is \$30,000 or more 20% must be allocated to Focus Area A, 20% must be allocated to Focus Area B, and some must be allocated to Focus Area C.	(A) Well Rounded Education	20%
	(B) Safe and Healthy Schools	20%
	(C) Improve Uses of Technology	Some Funding - No Percentage Required

For the 2025-2026 academic year, the WCSC will seek approval to allocate all funding provided by Title IV-A in Focus Area B. This flexibility will allow us to provide additional support to students that have experienced significant trauma in their lives. A portion of this funding allows the WCSC to hire additional behavior coaches that work alongside our educators, counselors, and administration to create an educational environment that meets the emotional and academic needs of our students. Please forward this request to the WCSC Board of Trustees for consideration.
