MEDIA EXCLUSION Form**

The increasing use of technology in our classrooms as a curriculum tool has given students more opportunities for learning and research. Many classes have incorporated Internet-based activities, including the development of web pages, into the curriculum. The District's website, newsletter and social media not only allows us to highlight the achievements of students, but also to display their work in various forms. Such Internet postings are intended to promote our students and the District to the community.

Your child's individual photograph and/or initials may be displayed on Internet web pages linked to the Cuba-Rushford School District's website, the newsletter or social media. The District will only use the initials of students, and all photographs will be used in an educational context in accordance with the District's curriculum. No First names will be utilized on any individual student posting in the Newsletter, Web Page or Social Media unless we get expressed permission from the parent or guardian.

If you do not want your child's picture or work posted or shared through the district website, newsletter, or social media, please complete the section below and return to your child's school homeroom teacher.

*This does not apply to group pictures or events open to the public. These will always have names scrambled so that they cannot be linked directly to the students in the group picture.

Health and Dental Examination Requirements

Dear Parents/Guardians:

New York State Law requires a health examination for all students entering the school district for the first time, and when entering Pre-K or K, 1st, 3rd, 5th, 7th, 9th, and 11th grades. The examination must be completed by a New York State licensed physician, physician assistant, or nurse practitioner.

A dental certificate which states your child has been seen by a dentist or dental hygienist is also asked for at the same time. The school will provide you with a list of dentists and registered dental hygienists who offer services on a free or reduced cost basis if you ask for it.

- A copy of the health examination must be provided to the school within 30 days from when your child first starts at the school, and when your child starts Pre-K or K, 1st, 3rd, 5th, 7th, 9th, and 11th grades. If a copy is not given to the school within 30 days, the school will contact you.
- If your child has an appointment for an exam during this school year that is after the first 30 days, please notify the nurse's office and provide the date of the appointment.
- Communication between private and school health staff is important for the safe and effective care at school. Your healthcare provider may not share health information with the school health staff without your signed permission. Please talk with your provider about signing their consent form for the school at the time of your child's next health examination appointment.
- For your convenience, a physical exam form and a dental certificate for your health care providers are attached.

We suggest making copies of the completed forms for your own records before sending them to the school nurse's office.

2025-2026 REQUIRED NYS SCHOOL HEALTH EXAMINATION FORM

If your child has not had a physical in the past 12 months, he/she will need one to be eligible to play a sport at Cuba-Rushford.
In that event, this form must be completed by the physician and returned to the school

Please Return This Form To Your Child's School When Entirely Completed.

Dental Health Certificate – Optional

Parent/Guardian: New York State law (Chapter 281) permits schools to request an oral health assessment at the same time a health examination is required. Your child may have a dental checkup during this school year to assess his/her fitness to attend school. Please complete Section 1 and take the form to your registered dentist or registered hygienist for an assessment. If your child had a dental checkup before he/she started the school, ask your dentist/dental hygienist to fill out Section 2. Return the completed form to the school's medical director or school nurse as soon as possible.

<p>I understand that by signing this form I am consenting for the child named above to receive a basic oral health assessment. I understand this assessment is only a limited means of evaluation to assess the student's dental health, and I would need to secure the services of a dentist in order for my child to receive a complete dental examination, with x-rays if necessary, to maintain good oral health.</p> <p>I also understand that receiving this preliminary oral health assessment does not establish any new, ongoing, or continuing doctor-patient relationship. Further, I will not hold the dentist or those performing this assessment responsible for the consequences or results should I choose NOT to follow the recommendations listed below.</p>
